

Solaris Oilfield Infrastructure To Present At Barclays CEO Energy-Power Conference

August 25, 2017

HOUSTON--(BUSINESS WIRE)-- Solaris Oilfield Infrastructure, Inc. (NYSE:SOI) ("Solaris" or the "Company") announced today that the Company's Chief Executive Officer, Greg Lanham, will present at the Barclays CEO Energy-Power Conference in New York. The presentation is scheduled to begin at 11:00 a.m. Eastern Standard Time on Thursday, September 7, 2017.

The link to the live **audio webcast presentation** will be available in the Investor section of the Company's website at **www.solarisoilfield.com**. The replay and slide presentation will also be available on the Company's website for approximately 30 days following the event. The presentations will include forward-looking information.

About Solaris Oilfield Infrastructure, Inc.

Solaris Oilfield Infrastructure, Inc. (NYSE:SOI) manufactures and provides patented mobile proppant management systems that unload, store and deliver proppant at oil and natural gas well sites. These patented systems are deployed in many of the most active oil and natural gas basins in the United States, including the Permian Basin, the Eagle Ford Shale and the STACK/SCOOP. Solaris' new high-capacity transload facility being built in Kingfisher, Oklahoma will serve customers with operations in the STACK/SCOOP. Additional information is available on the Solaris' website, **www.solarisoilfield.com**.
